**Should you be involved in a non fault accident, one call to constructaquote and we will help you.**

We will arrange to report the non fault accident to your insurance company and where necessary liaise with all parties involved including third party insurance companies, engineers, repairers etc.

If the incident was not your fault we can, subject to assessment, arrange for repairs to be authorised and also arrange for a replacement like-for-like vehicle. The vehicle will be delivered and collected from your home address. If repairs are authorised and arranged by us you will have no excess to pay.

In the event of a non-fault accident, we will appoint a qualified specialist solicitor to pursue any injuries suffered by you and your passengers. The solicitor appointed will be fully committed to settling your claim on the best terms possible.

Our network of replacement vehicle suppliers have access to over 35,000 vehicles across the UK. Vehicles include private cars, commercial vehicles, taxis and motorcycles and can be delivered to your home address or collected from one of over 300 local depots nationwide.

### VEHICLE REPAIR SERVICE

If repairs to your vehicle (subject to assessment) are authorised, you will not be required to pay any excess to the repairer upon completion of the repairs. (Terms & Conditions apply)
